

box cars and one-eyed jacks

Hello again from Box Cars! This is our second installment of our email campaign featuring game resources to share with your families. If you are missing part one, kindly email Shaky T at theresa2@boxcarsandoneeyedjacks.com and she will make sure you receive it.

We will be aiming to send out these game emails on Wednesdays so that you will be able to take some time to incorporate it into your digital lesson plan for the following week.

This week, Kristin Hilty is back again, this time with Horse Race! Our Horse Race series of games are great for purposeful practice in a home setting, and can be easily differentiated for varying skill levels. Horse Race technically makes use of [Box Cars' dice trays](#), but it can be adapted to use only 4 - 6 regular dice. Click the links below for instructional videos.

[Horse Race](#)

Materials: Dice Trays OR 4 to 6 regular dice, gameboard
Skills: Operations (addition or multiplication), Greater than/less than/equal to, Associative property
Grade Levels: K - 3
Reproducibles: [Gameboard](#)

[Fraction Horse Race](#)

Materials: Dice Trays OR 4 regular dice, gameboard, fraction chart
Skills: Comparing fractions (greater than one, equal to one, less than one), equivalent fractions

Grade Levels: 3 - 5

Reproducibles: [Gameboard](#), [Fraction Chart](#)

Thank you Kristin for allowing us to share your videos! There are more hot tips and e-learning resources from Kristin on her website, makingmathmakesense.org, which you can find by clicking [HERE](#). The family resource she mentions in the videos above is [our Stratedice book](#), which is filled with lots of great dice tray games for families.

We will have more to send out next week. If you know anyone who would like to be added to our newsletter list, please feel free to email us.

Stay safe, stay sane, and whenever possible, stay home.

All our best wishes,
The Box Cars Team <3

Jane
